

# Prime Minister

*My name is Ethan and I am 10years old and in Year 6 at Churchfields Primary School. I think I could be a great prime minster, no I think I could be an outstanding Prime Minster. They are many reasons why I think I could be a great Prime Minster but I will not say them all because I would be here all day.*

*As my peers will know I am confident and never back down from a challenge and I think I could bring a lot to Waterton. I show all my school values (teamwork ,respect ,honesty , passion ,determination and self-belief) that my teachers have proudly taught me. If I become the Prime Minster one of my priorities is to teach other students to embrace diversity and understand that we are all different. I am positive that I can be a great leader and I do believe what the former South African President Nelson Mandela once said "A winner is a dreamer who never gives up". In conclusion, I want to reassure you, I am a confident person, enthusiastic, self-belief and determined to be a Prime Minster for Waterton.*

*Thank you for considering my application.*
